

## **Curbside Recycling Update**

Concord Township asked for quotes from local haulers for their trash and curbside recycling during the last contract quoting period this Spring.

In April we reported on those quotes. The following is an update and clarification of those quotes:

### **Universal Disposal, (440) 942-2709**

- On July 28, 2010, Universal Disposal altered their previous offer for trash hauling/curbside pick-up.
- Their new offer deletes the 3,000 home requirement.
- They will begin a weekly trash hauling/recycling program on Oct. 1, 2010.
- The cost for this combined service will be \$17.50 per month.

### **Major Waste Disposal, (440) 254-4929**

- Initially Major Waste quoted \$24.00 per month for weekly trash pick-up and bi-monthly curbside pick-up.
- They have since amended this by an official letter to the Township to \$18.50 for trash pick-up and weekly curbside pick-up.
- This service began on June 1<sup>st</sup>.

We recommend everyone who is interested in such a curbside service contact the disposal companies directly since this is a direct subscription program between the resident and contractor.

If you want to eliminate the need to use the drop-off site, sign up for one of these services today. You now have a choice.

**Concord thanks those contractors above who have shown a willingness to bring this service to the residents.**
