

THE CONCORD TOWNSHIP

Grapevine

Winter-Spring 2011-12

TRUSTEE'S CORNER

It is with sadness that our Administrator, Jack Nettis has put the Township to bed for the last time. Jack has navigated this Township to significant accomplishments. Jack's hard and diligent work has allowed him to leave the Township better than it was. On behalf of Concord Township, we thank Jack for all he has done. Best of luck on all your future endeavors!

From left to right: Jack Nettis, Administrator; Rita McMahon, Painesville City Manager; Joseph Hada, Painesville City Council President; and Christopher Galloway, Concord Township Trustee.

COLLABORATION JACK NETTIS, ADMINISTRATOR

Collaboration, shared services, and regionalism are all buzz words today in local government management. Certainly the tight economic times have forced all of us in business, at home, and in government to look at our operations and financial management. By engaging in collaborative efforts, the Township has long been able to leverage its assets. Among communities, it is fair to say that Concord ranks as one of the most progressive in seeking out collaborative opportunities. Within this edition of the newsletter you will hear from the various Department Directors. In discussing and negotiating with other agencies, the Administrator and Department Directors have been able, with confidence, to pursue collaborative opportunities because the Board of Trustees has established a philosophy of collaboration and have leveraged our investments in funds, equipment, and personnel.

The Joint Economic Development District (JEDD) is such an example of a collaborative effort for which we were recognized by TEAM NEO as an award recipient in 2011. This was such a noteworthy collaboration because it encompassed benefits for all parties: our Township, the City of Painesville, and businesses within the JEDD.

The recent contract with the Sheriff's Office is another example of collaboration at a tremendous savings to our Township. Painesville Concord had to establish its own police department it would take approximately \$7 million dollars to start-up and cost approximately \$2.5 million per year. Today we are paying approximately \$500,000 and can increase our deputy coverage as we see our needs increase.

In the future, we are hopeful that collaborative efforts will ensue with the County in regards to information technology and telecommunication.

This Board of Trustees has accelerated the mindset of productivity, efficiency, and leveraging our assets as we try to utilize our tax dollars wisely.

The 2011 construction season proved to be quite a challenge for the Concord Service department crews as well as contractors who were awarded bids to replace and repair pavement within the Township. Record setting rains constantly dogged efforts to achieve department goals and fortunately for some extended fair weather patterns in the fall it enabled crews to catch up a little on scheduled repairs.

At the same time the Lake County Engineers office was active in the community resurfacing Auburn Road and reconstructing the bridge over Kellogg Creek on Prouty Road and completing full depth road repairs on Morley Road and Hermitage Road. Ted Galuschik, Maintenance Highway Engineer for Lake County was proactive in responding to Concord needs and in assisting the Concord Service Department with bid applications, onsite inspections and work summaries throughout Concord Township. Funded projects took place on Misty Ridge Drive (concrete replacement) and asphalt milling, reconstruction and overlays on the following roads; Sturbridge Drive, Bunbury and Somerset, Stone Creek Lane, Bridlewood Drive, Knightsbridge and Chequers Court. A relatively new procedure was performed on Concord Hills Park which consisted of overlaying the parking lot with a chip seal followed by an emulsion fog coating to seal in the repaired surface.

The Concord Service Department replaced all of the failed road gutters within the Sturbridge area prior to the road reconstruction project and replaced failed areas of concrete on Beres Drive, Grandridge Pointe Drive, Harwood Lane and the Weathervane Court, Weathersfield area. Full depth asphalt repairs were performed on Cali Drive and Skylineview Drive.

As the construction season came to a close service department crews Dura Patched several areas of concern including the Mountain Park area, Lancaster, Tiffany and Trotwood. Dura Patch is an alternate method of filling chuck holes, failing road joints and wide spread cracking. The procedure is an all in one machine that blows debris from the area to be repaired, dispenses emulsion and spreads a thin layer of limestone over the damaged area stabilizing it until schedules and funding permit more comprehensive repairs. Dura Patch has shown to be a cost effective maintenance procedure. Crews also crack sealed various locations prior to the onset of winter weather.

2011 WEATHER

As everyone should know by now 2011 turned out to be the highest rain total ever recorded in this area by the National Weather Service. Concord experienced moderate to heavy rains on several occasions. The hilly terrain of Concord lends to the rapid run off of rain water created during these events which caused isolated flash floods, some sewer surcharging and a great deal of erosion. Crews were dispatched often to clean debris from outlets and repair eroded road edges and ditch banks. In order to provide the best response to residential concerns the Township acquired the assistance of Lake County Storm Water to better respond to regional areas of concern. Tim Miller, Director of Lake County Storm Water, Laszlo Szanthy and George Hadden, Design Engineers were able to provide timely support to Concord Township needs and fast track projects and repairs. The Lake County Utility Department was also called into action during some of these events to address volume issues in their systems as well. Many thanks go out to Jim Gils, Lake County Engineer and his staff for assistance during this season.

*May the sun shine warm upon your face
 And rains fall soft upon your fields*

FIRE DEPARTMENT

R. MIKE WARNER, FIRE CHIEF, 354-7504 • RON TERRIACO, DEPUTY CHIEF, 354-7504

MUTUAL AID

To firefighters, the terms mutual aid and automatic mutual aid are synonymous with collaboration, assistance, support and teamwork. A mutual aid agreement is a written agreement between agencies and/or jurisdictions that they will assist one another on request, by furnishing personnel, equipment, and/or expertise in a specified manner. Automatic mutual aid occurs when two or more departments irrespective of the response location – are dispatched at the same time. Concord Township has had mutual aid agreements since 1985 when an automatic aid agreement was established with Leroy and Hambden for a tanker to Concord Township's waterless areas. Shortly thereafter, we established an additional mutual aid agreement with Leroy for car accidents on Interstate 90. Today, our automatic mutual aid is well established with all departments in Lake County and extends into the northern communities of Geauga County. The mutual aid system is detailed and lists which community sends what type of equipment for a specific type of incident. The mutual aid and automatic mutual aid systems have been tested during actual disasters in Lake County for such events as the Mentor Marsh fires, the floods of 2006, the train derailment, the Morley Road house explosion here in Concord Township in 2010 and the Fairport Harbor fires early this year. Besides major disasters, the system is utilized frequently for responses to structure fires and multiple car accidents where additional manpower or equipment may be required. In 2010, Concord received automatic and/or mutual aid for 140 incidents. Automatic mutual aid and mutual aid are cost saving devices for each community involved. Working together, Concord Township and its neighbors are well protected.

FIRE PREVENTION

Concord Township's Fire Prevention and Education Bureau is staffed by 2 civilian part time fire inspectors, Inspector Frank Urankar and Inspector Ken Avram and 1 civilian part time fire education coordinator, Educator Ken Weidig.

Fire Prevention provides services to Concord Township's business and residents including fire inspections and code enforcement for commercial business, for residents seeking adoption and group residential care facilities. Educational programs provided by Fire Prevention are available not only for schools and day care centers, but are tailored to the needs of businesses, churches, and social groups, and include fire extinguisher training, disaster planning and home evacuation planning.

The work of the fire prevention bureau couldn't be completed without the assistance of the duty officers and firefighters. Similarly, the Fire Prevention and Education Bureau works in partnership with other municipal fire prevention bureaus. Concord Township participates in the Lake County Fire Prevention and the North East Ohio Fire Prevention Associations. These organizations meet monthly to jointly review new laws and new fire protection equipment. These Associations promote uniform enforcement of the fire codes throughout Lake County and North East Ohio. By belonging to these organizations our inspectors receive valuable training each month.

An additional benefit from membership in these organizations, which also reduces individual department expenses, is the sharing of community educa-

Recycling Update Public-Private Collaboration

Jack Nettis, Administrator

Over the years I have reported on, studied, and even cleaned up our recycling sites. Since 2010 we have had great improvements in our recycling performance. I would like to acknowledge the Recycling Committee that met in 2009 and offered their recommendations, most of which we were able to put into place. Our recycling program is also an excellent example of public-private collaboration.

While we have reduced the drop-off sites to only one, which had caused dissatisfaction with some residents living on the Westside of the Township, it has at least kept Concord Hills Park cleaner.

When we went out for the 2010 recycling contract we were able to benefit our residents and the Township through collaboration with 2 out of the 3 trash haulers that service the Township. These companies benefited our residents by returning curbside recycling combined with trash hauling at a price, which when instituted, was actually less than trash hauling alone. While this is a case study example of this public-private collaboration and marketplace competition, much credit must be given to those companies who were willing to participate in a subscription, curbside recycling program.

With this reduction in sites, and especially the curbside option, we have greatly reduced our costs, which means we can make better use of all of our tax dollars. In 2009 we were on track to spend approximately \$210,000 on recycling. We took immediate action and also acted on the recommendations of the Recycling Committee and since then have consistently reduced our costs. In 2011 we are on track for recycling costs at about \$65,000. We have already put in place actions that can reduce the 2012 costs to approximately \$45,000. However, I strongly believe that we can cut those costs to approximately \$20,000 by asking all of our residents to cooperate in the following ways:

- Sign up for curbside recycling
- Recycle only recyclable products: large

OFFICE OF THE FISCAL OFFICER

AMY L. DAWSON, FISCAL OFFICER & CEMETERY SEXTON, 354-7510, EXT. 128
 CYNTHIA L. SADLER, ACCOUNTING & PAYROLL ASSISTANT, 354-7510, EXT. 103
 LINDA THIRION, ASSISTANT CEMETERY SEXTON, 354-7510, EXT. 102

FISCAL NEWS

We recently had the opportunity to work with both Painesville Township and Hambden Township on joint road projects this summer. Our portion of the Fairfield Road repair cost was \$5,160.80 or 10% of the project minus 50% due to an OPWC Grant that Painesville Township pursued. Our portion of Radcliffe Road was \$16,000 which also came in under budget due to another OPWC Grant that the Geauga County Engineer worked on. We would like to extend our appreciation to both Townships for their efforts. Finally, for several years, we have been putting aside money for the future repair of Colburn Road as a joint venture with Chardon Township.

If you have any questions regarding these projects, feel free to contact myself at ext. 128 or Frank Kraska, our Service Director, at ext. 108.

CEMETERY NEWS

Please consider beautiful Concord Township Cemetery if you are pre-planning your final resting place. The Cemetery is located on SR 608 near Ravenna Road. We offer conventional full-burial plots in the 2004 Section for \$750 plus foundation & burial costs. The columbarium is for above-ground cremations in a 10" niche, which holds two cremains, for \$650 plus the personalized plaque. The total cost including burial is around \$1000. And the 2' x 4' in-ground cremation lots are a nice alternative for two cremains at a cost of \$200, not including foundation & burial costs. Also a reminder, that all urns, potted plants, and shepherd hooks should have been removed prior to November 1. Holiday decorations can be placed after Nov. 1 and must be removed prior to March 1. Please call with any questions or to schedule an appointment.

Please Have a Festive and Safe Holiday Season and a Happy New Year!

Service Department *continued from page 2*

WINTER OPERATIONS

At the time of this printing winter should have pretty well established itself around our area. If you don't already know the Township during throws of winter is serviced actually by three road departments. Ohio Department of Transportation takes care of Concord Hambden Road, Route 608 and Painesville Warren Road Route 86. The Lake County Road Department is responsible for all connector roads for example Girdled, Ravenna and Morley Roads. Concord Service department maintains subdivisions and all other side streets within the Township. We are always using the latest technology to monitor and advance plan for winter events. Sometimes lake effect events are unpredictable and arrive during off hours. The Lake County Sheriff's Department often alerts the service department to changing conditions so that we can respond effectively. Current department strategy calls for crews to plow the streets as needed and treat hills, curves and intersections with deicers as needed. Some roads that have recently been reconstructed may require the use of sand or grit to prevent damage to new pavement.

Smart salting concepts were developed collectively by Concord and surrounding communities to focus on establishing sensible salting practices which in turn provide quality service throughout snow events while helping to protect our environment, infrastructure and costs involved with snow removal operations.

As in the past we urge residents to put safety first. Allow added time for travel and prepare for sudden changes in road conditions and focus on driving at all times. Don't let other influences distract your driving.

Residents may contact our department regarding developing road conditions at 354-7510 extension 116 or in the event sod is damaged at the edge of the road and you wish to have it repaired in the spring. Further we ask that you convey to your private snow plow service that at no time is it permissible to clear snow from drives and leave it in the road.

If you are concerned about protecting your mailbox from the rigors of winter the Concord Service Department still provides our snow shield program for the residents for the minimal cost of thirty eight dollars which includes a onetime installation. Over one hundred households have taken advantage of this service. Order forms can be obtained at Concord Township Hall or online at www.concordtwp.com. This website also provides other useful information about Township services. Stay warm and safe.

Fire Department *continued from page 3*

tional equipment. For example, for fire extinguisher training, departments throughout Lake County share the use of propane and computerized extinguisher training tools. Joint ventures to promote safety education were evident at Concord Township's 2011 Safety Day. Mentor Fire Department brought their boat safety trailer; Perry Joint Fire District provided its fire safety house. Chardon Fire Department brought a ladder truck and Kirtland Fire Department its wild land fire truck – both pieces of equipment Concord Township Fire Department doesn't own, but may at any time request this equipment for assistance as needed.

LT. MATT SABO

With 74% of calls for assistance being EMS in nature, Firefighter Paramedic and EMS Coordinator Lt. Matt Sabo is constantly at work keeping Concord Township on the cutting edge of emergency medical procedures.

Lt. Sabo joined Concord Twp Fire Dept in 1999 and assumed the role of EMS Coordinator on his promotion to Full Time Firefighter, in January 2003. Matt has an Associates of Applied Science in Fire Protection Technology from the University of Akron (1997) and is presently enrolled in Franklin University working towards his Bachelor of Science in Public Safety Management.

Lt. Sabo feels his major accomplishments to date include updating Concord Township's protocols, the established guidelines for emergency medical workers, which keep the EMTs up to date on the most contemporary standards for patient treatment. Lt. Sabo has also saved the Township money thru his researching and purchasing of the most up to date and cost effective medical equipment. Utilizing state bid, Concord Township now has state of the art 12 lead monitors in its squads which assist the paramedic in diagnosing heart attacks in the field through live communication with a cardiologist 24/7. Lt. Sabo has been successful in procuring several grants which have provided CPR training manikins and a Rad-57 carbon monoxide meter for monitoring firefighter CO levels during firefighting activities. Yearly, an EMS grant from the Ohio Department of Public Safety provides funds for a variety of

EMS supplies. With input from the firefighters and with the extensive research conducted by his EMS assistant, Firefighter/Paramedic Troy Yoder as well as Lt. Mike Homovec, Lt. Sabo has been able to work closely with our vehicle manufacturer to develop specs for Concord's newest rescue squad. This combined effort has ensured Concord Township receives the best package at a reasonable price. Keeping not only finances in mind but above all – patient and firefighter safety – Lt. Sabo has been proactive in requiring seat belts in the patient area of all new squads – allowing the firefighters to be secured while providing patient care. In anticipation of upcoming changes in legislation requiring seat belt use, Lt. Sabo has submitted a grant proposal to FEMA – Assistance to Firefighters Grant – for funding of automatic chest compression devices. This equipment provides continued chest compressions for patients in cardiac arrest. This device allows for more efficient compressions than manual CPR and allows the firefighters to remain seated and secured during transports – good for the patient, good for the responders.

Recycling Update *continued from page 3*

plastic furniture, Styrofoam, metal appliances do not belong in the recycling containers. You need to dispose of them on your own.

- Use the paper/cardboard recycling bins at Town Hall – we receive funds from the contents and currently utilize those funds for our 55+ (Seniors) group at the Concord Community Center on Auburn Rd.
- Recycle aluminum cans for the Fire Dept. These funds are used toward fire prevention programs.

We all believe in recycling, but it should not be as costly as it is to our Township tax dollars. Please help conserve and protect your Township's budget and the use of your taxes by adhering to the above suggestions.

ZONING DEPARTMENT

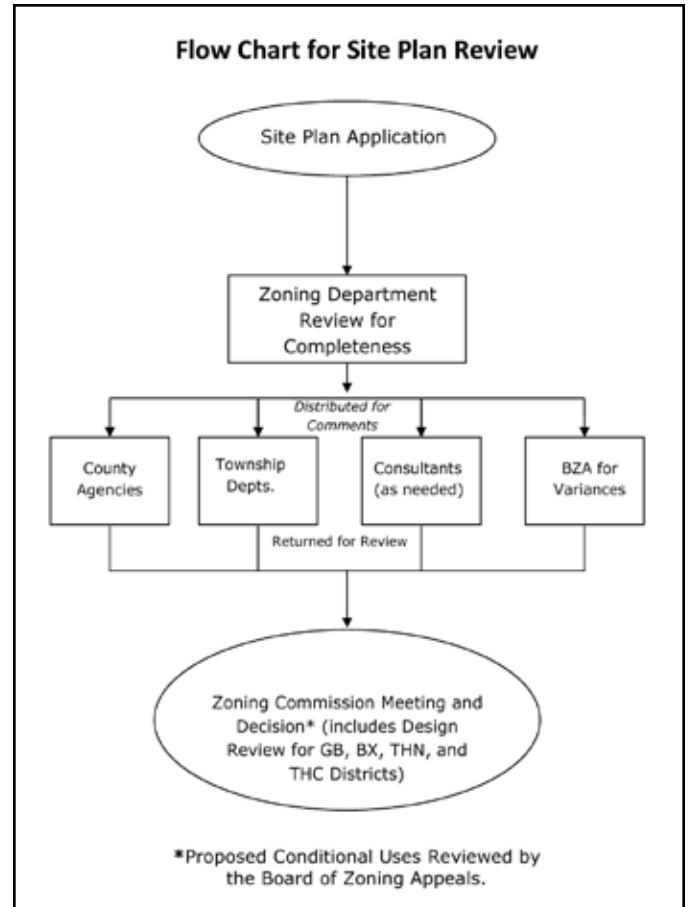

KATHY MITCHELL, PLANNING & ZONING DIRECTOR, 354-7510, EXT. 106 • BRUCE BULLARD, ASSISTANT ZONING INSPECTOR, 354-7510EXT. 105

Township and County Officials Collaborate on Site Plan Review

In June 2007, the Site Plan Review process was adopted by the Board of Trustees into the Concord Township Zoning Resolution. This zoning review process is required for any commercial, industrial, institutional or multi-family development project that involves the new construction, reconstruction or expansion of structures in specified zoning districts. It is an extensive review not only by Township departments, including Zoning and Fire, and our zoning boards, but also various County departments including the Lake County Engineer, Lake County Soil & Water Conservation District, the Lake County Utilities Department, Lake County Planning Commission, and Lake County General Health District (as applicable). This coordinated effort is critical in ensuring a proposed project considers, early on, all of the variables that could impact a site plan, some of which include: building and parking setback requirements, landscaping and design standards, wetland or stream disturbances, erosion and sediment control, utility capacity and access, traffic management and accessibility, and impacts to surrounding developments.

The following flow chart outlines the steps in the Site Plan Review process. Prior to the Zoning Commission or Board of Zoning Appeals receiving a Site Plan Review Application, the application is reviewed in-house by Township departments, and then distributed to the applicable County departments for their review and comment. Once the comments are received, they are summarized in a Staff Report, distributed to the respective zoning board (depending on the type of use), and added to their agenda for review and approval at a regularly scheduled meeting.

It is important to note that, while our review process is going on at the local level, the applicant may be working *continued on page 15*

Chili Cook-Off Contest & Cabin Fever Reliever!

CHILI COOK-OFF CONTEST

So, you think you make the best chili ever? Then put your recipe to the test in the 1st Chili Cook-Off Contest on Saturday, February, 18 from 1:00 to 4:00 p.m. at Fire Station #1 on Concord-Hambden Road. Bring a crock pot full of your best chili and be ready to hand out samples. Samples will be free, but if you want to vote for your favorite chili chef, you will be able to get 3 tickets to vote for a \$1.00 donation. Invite your friends & family to come out and vote for you! The winner will receive the 2012 Chili Champion Trophy! To reserve a spot for you and your crock download a form from our website, fill it out and mail it to us along with your \$5.00 entry fee.

CABIN FEVER RELIEVER!

February got you down? Instead of complaining about the cold & snow, embrace it! Build a snowman (weather permitting) on the soccer field and the Recreation Department will supply the coal & carrots; you supply any other decorations for your snowman. Watch local ice sculptor Dan Gibbons wield a chain saw to carve a 300 lb. block of ice into a work of art. Many other outdoor activities are planned, so dress for the weather and quit complaining!! You can always warm up with a bowl of chili at the Fire Station. This **FREE** event takes place on Saturday, February 18th on the Town Hall Campus from 1:00 to 4:00 pm. Please call the Community Center at 440-639-4650 for more information.

Young Rembrandts Classes

A Different Kind of Learning. A Powerful Kind of Fun...

WELCOME TO YOUNG REMBRANDTS! We teach drawing with a see - touch - do method that all kids can succeed with, learn from and love!

Attend a **FREE** Young Rembrandts class on Saturday, January 14th. Please call 440-639-4650 to register for the **FREE** class. If your child loves the classes (and we know they will!) you can register that day to take the six-class series.

PRE-SCHOOL DRAWING (ages 3 1/2 to 5)

Your pre-schooler's mind is hard at work building the knowledge and skills it will use for a lifetime. The Young Rembrandts pre-school program is specifically designed with the needs of our youngest learners in mind. We use subjects they're familiar with such as animals and toys, as well as their favorite learning tools – pictures, stories, touching, and doing – to enhance social

and conflict resolution skills while improving listening, fine-motor skills, and time-on-task. **This six-session class is offered on Saturdays from 10:00 to 10:45 a.m.**

Session I – January 21 through February 25

Session II – March 10 through April 14

RESIDENT FEE: \$72/NON-RESIDENT FEE: \$75

ELEMENTARY DRAWING (ages 6-12)

Our elementary learners are at the crucial time of development when they decide whether they're good at something or not. This decision will affect not only the rest of their academic career, but their lifetime learning as well. Our program works because it's not only hands-on and visual...it's simply fun. Add to this our innovative guided instruction, topics that kids love and relate to, and instructors that know how to reach this group; we take kids from thinking they're not 'artists' to knowing they can achieve this, and everything else, they put their minds to. **This six-session class is offered on Saturdays from 11:00 to Noon.**

Session I – January 21 through February 25

Session II – March 10 through April 14

RESIDENT FEE: \$72/NON-RESIDENT FEE: \$75

continued on page 8

2011-12 Winter/Spring Classes & Community Events

CARTOON DRAWING (ages 6-12)

For all kids who need to stay engaged and laughing, our cartooning classes are surely the most fun you can have while learning! This entertaining program combines Young Rembrandts' innovative, hands-on teaching method with light-hearted subject matter that engages children, their sense of humor and their vivid imaginations. Maintaining a quick pace and drawings that tell a story also help kids to stay on-task, learn from their mistakes, find new solutions to a problem and communicate ideas and concepts through pictures – skills with lifetime benefits! **This six-session class is offered on Saturdays, from 12:15 to 1:15 p.m.**

Session I – January 21 through February 25

Session II – March 10 through April 14

RESIDENT FEE: \$72/NON-RESIDENT FEE: \$75

EXTREME COUPONING (ALMOST!)

Instructor – Nikki Brafford

By now, you have probably watched an episode or two of the TLC program Extreme Couponing. The savings seem too good to be true. The show leaves many questions unanswered. Where do the couponers get all those coupons from? How are they able to get all those free products? And do you really need 3,000 tubes of toothpaste? In our extreme couponing class, you'll find out where to get multiple coupons, what it means to stack coupons, how to use rebates and the internet to save money, and mostly importantly, how to ORGANIZE your coupons. In these difficult economic times, any amount that you can save is helpful! **This one-session class is offered on Tuesday, January 24 OR Thursday, February 16 from 7:00 to 8:30 p.m.**

RESIDENT FEE: \$12/NON-RESIDENT FEE: \$15

EVERYTHING YOU NEED TO KNOW TO GET STARTED WITH MEDICARE

Instructor – Laura Mutsko

If you are approaching age 65, or are just going on Medicare for the first time, this is your opportunity to gain a basic understanding of how Medicare works. You'll learn what Parts A, B, C and D cover and what is not covered. You'll learn the difference between a Medicare Supplement and a Medicare Advantage Plan. You will also receive information on Health Care Reform and some of the ways it is already affecting those on Medicare. This class is designed to make Medicare easy to understand and help you get all your questions answered. **This one-session class is offered on Thursday, February 9 OR Tuesday, March 20 from 6:30 to 8:00 p.m.**

RESIDENT FEE: \$10 per person/\$15 per couple

NON-RESIDENT FEE: \$15 per person/\$20 per couple

PILATES/YOGA FUSION

Instructor – Joanne Nettis

This great workout class combines the principles of Pilates; alignment, breathing, control & stability to maximize core

strength AND Yoga to enhance the core, blended with balance and relaxation techniques. This is a total body workout suited for both beginners and the more advanced student. Please wear comfortable clothes & bring a mat to class. **This five-session class is offered on Tuesdays, from 6:30 to 7:15 p.m.**

Session I – January 24 – February 21

Session II – March 13 – April 10

RESIDENT FEE: \$55 (per session)

NON-RESIDENT FEE: \$60 (per session)

GENTLE HATHA YOGA

Instructor – Patty McPhillips

The ancient practice of Yoga is an integrated approach to health and well being. With guided yoga postures, breathing techniques, relaxation, and meditation, you will experience increased energy with a relaxed body & quiet mind. All levels of yoga are welcome. Wear loose clothing and bring a mat and small pillow to class. Please do not eat for two hours before class. **This six-week class is offered on Thursdays, from 6:30 to 7:30 p.m.**

Session I – January 12 – February 16

Session II – March 1 – April 5

Session III – April 19 – May 24

RESIDENT FEE: \$70 (per session)

NON-RESIDENT FEE: \$75 (per session)

GARDENING SERIES

Instructors – Ohio State University

Lake County Master Gardener Volunteers

SEED STARTING & BEYOND

Have you tried to grow plants from seeds only to throw them away when they grow tall and spindly? In this class, you'll gain the basics on when, how and what you will need to grow strong, healthy seedlings without becoming frustrated! **This one-session class is offered on Tuesday January 17 from 7:00 to 8:30 p.m.**

RESIDENT FEE: \$10/NON-RESIDENT FEE: \$15

VEGETABLE GARDENING FOR BEGINNERS

Thinking about growing your own vegetables in the new community garden this summer? Take this class and learn what to plant when, how to plant them, fertilizing, and how to recognize pests and disease problems. **This one-session class is offered on Tuesday, February 7 from 7:00 to 8:30 p.m.**

RESIDENT FEE: \$10/NON-RESIDENT FEE: \$15

GROWING HERBS

Herbs have become very popular. Most of them are easy to grow and require little maintenance. Take this class and learn about the 10 favorite herbs to grow and cook with. Harvest and storage will be discussed. **This one-session class is offered on Tuesday, February 21 from 7:00 to 8:30 p.m.**

RESIDENT FEE: \$10/NON-RESIDENT FEE: \$15

2011-12 Winter/Spring Classes & Community Events

COOKING WITH JUDI

Instructor – Judi Strauss

COMFORT SOUPS

Soups are the foods that bring back memories of childhood and warm up a chilly day! In this class you'll learn how to make soups for everyday and soups for special occasions. Recipes will include Mesclun Soup, Lentil Soup, Potato and Leek Soup, Polish Mushroom Soup and Sweet and Sour Duck Soup among others. There will be plenty to sample in this class so come hungry! **This one-session class is offered on Thursday, February 2 from 7:00 to 9:00 p.m.**

RESIDENT FEE: \$25/NON-RESIDENT FEE: \$28

COOKING WITH BACON

There is almost no finer smell than that of bacon cooking!! In this class, you'll learn how to add the flavor and crunch of bacon to all sorts of dishes. Recipes include Bacon Cornbread, Bacon Yorkshire Pudding, Bacon Buttermilk Waffles and many more. There will be plenty to taste in this class and recipes to take home. Bacon – it's not just for breakfast anymore! **This one-session class is offered on Thursday, February 16 from 7:00 to 9:00 p.m.**

RESIDENT FEE: \$25/NON-RESIDENT FEE: \$28

COOKING FOR 1 OR 2

If you are one of the millions of Americans who live in a one or two person household, you know the dilemma of cooking for a small family. Recipes are often written for 4-6 servings or more. This class will help you to scale down recipes, and will provide plenty of recipes geared for 1-2 servings and will give you help in freezing some for later. There will be plenty to taste in this class and lots of recipes for home. **This one-session class is offered on Thursday, March 1 from 7:00 to 9:00 p.m.**

RESIDENT FEE: \$25/NON-RESIDENT FEE: \$28

EASTER BAKING

Baking is very much a part of our holiday tradition. Some breads are associated with springtime and Easter. In this class you'll taste breads and other baked treats from different cultures. You'll get recipes from hot cross buns and Easter Bunny rolls to Bird's Nest Biscotti plus you'll have the chance to do some hands on work. You'll also get tips on how to bake better bread. **This one-session class is offered on Thursday, March 15 from 7:00 to 9:00 p.m.**

RESIDENT FEE: \$25/NON-RESIDENT FEE: \$28

LINDY HOP SWING DANCE

Instructors – Dick & Jan Hurwitz

Come and learn the Lindy Hop with Dick & Jan! The dance

got its name from the newspaper story "Lindy Hops the Atlantic" which reported Charles Lindberg's flight to Paris in 1927. Contrary to the name, the dance actually has no "hop" in it. It is smooth and solid, with a constant rhythmic 8-count "pulse" that you feel in your bones. And, it is a joyful dance, with a flowing style that closely reflects its music – from the late 20's hot jazz to the early 40's Big Bands. This class will start with the basic Lindy Swing Out and will add moves each week until you feel comfortable "Struttin' your stuff" on the dance floor! **This six-session class is offered on Tuesdays, January 17 through February 21 from 6:15 to 7:30 p.m.**

RESIDENT FEE: \$65 (per couple)

NON-RESIDENT FEE: \$70 (per couple)

CRIME PREVENTION, PERSONAL SAFETY & EMERGENCY PREPAREDNESS

Instructor – Michael Knack

At this presentation, you'll learn the various ways to protect yourself and your family. Topics discussed are the different methods to prevent various criminal activities, personal safety measures that can be taken to defend the individual/family and how to prepare for large scale emergencies such as natural disasters, extended power outages and acts of terrorism. **This presentation is offered on Thursday, February 24 from 6:30 to 9:00 p.m. There is no charge to attend this informative presentation. Please call the Community Center to register as space is limited.**

SELF-DEFENSE & PERSONAL SAFETY STRATEGIES

Instructor – Michael Knack

This is a hands on course in which the participant will learn various responses to a personal safety encounter. The participant will engage in basic self-defense striking and be instructed on the use of several different weapon delivery system methods such as pepper spray, impact weapons and edged weapons. **Participation is open to adults and children 11 years-old and older. Children ages 11-14 are requested to be accompanied by an adult. This one-session class is offered on Thursday, March 8 from 6:30 to 9:00 p.m.**

RESIDENT FEE: \$25/NON-RESIDENT FEE: \$30

ORIGAMI

Instructor – Kerry Remp

Modular Origami is a branch of the ancient art of paper folding that utilizes several 'modules' to complete a unique creation. Take these unique classes and see first hand why modular origami is elegant in its simplicity and brings joy and fulfillment to people of all ages – Come, Enjoy & Learn!

INTRODUCTION TO MODULAR ORIGAMI – THE CUBE

This class will have you creating a 6-piece modular cube, as well as introducing a 12-piece variation that can be made during or after the class. Anyone can fold 6 pieces of paper – right? All

2011-12 Winter/Spring Classes & Community Events

materials are provided for class participants. **This one-session class is offered on Tuesday, January 31 from 6:30 to 7:30 p.m. RESIDENT FEE: \$14/NON-RESIDENT FEE: \$18**

BEGINNING MODULAR ORIGAMI – THE ORNAMENT

This class will have you creating a 12-piece ornament through the development and assembly of a traditional Sonobe module. In addition to completing the ornament, a second variation of the Sonobe module will be shown so that class participants can create additional unique ornaments on their own. All materials are provided for class participants. **This one-session class is offered on Tuesday, February 14 from 6:30 to 7:30 p.m.**

RESIDENT FEE: \$14/NON-RESIDENT FEE: \$18

INTERMEDIATE MODULAR ORIGAMI – THE TOWER BOX

This class will have you creating a 17-or 25-piece Tower Box through the development and assembly of interlocking modules. The Tower Box is a functional, everyday item that can be used to keep jewelry (or other valuables) or office items (paper clips, erasers, etc.) in a convenient location around the home or office. All materials are provided for class participants. **This one-session class is offered on Tuesday, February 28 from 6:30 to 8:30 p.m.**

RESIDENT FEE: \$24/NON-RESIDENT: \$26

INTERMEDIATE MODULAR ORIGAMI – THE KUSUDAMA ORNAMENT

This class will have you creating a 30-piece Kusudama ornament through the development and assembly of interlocking modules taught to the instructor by the designer herself – Tomoko Fuse. The Kusudama Ornament is a visibly stunning design that can be used throughout the year as an office desk or hanging display, as well as a holiday decoration on trees or packages. **All materials are provided for class participants. This one-session class is offered on Tuesday, March 13 from 6:30 to 8:30 p.m.**

RESIDENT FEE: \$24/NON-RESIDENT FEE: \$26

COMMUNITY EVENTS

CHILI COOK-OFF CONTEST

So, you think you make the best chili ever? Then put your recipe to the test in the 1st Chili Cook-Off Contest on Saturday, February, 18 from 1:00 to 4:00 p.m. at Fire Station

#1 on Concord-Hambden Road. Bring a crock pot full of your best chili and be ready to hand out samples. Samples will be free, but if you want to vote for your favorite chili chef, you will be able to get 3 tickets to vote for a \$1.00 donation. Invite your friends & family to come out and vote for you! The winner will receive the 2012 Chili Champion Trophy! To reserve a spot for you and your crock download a form from our website, fill it out and mail it to us along with your \$5.00 entry fee.

CABIN FEVER RELIEVER!

February got you down? Instead of complaining about the cold & snow, embrace it! Build a snowman (weather permitting) on the soccer field and the Recreation Department will supply the coal & carrots; you supply any other decorations for your snowman. Watch local ice sculptor Dan Gibbons wield a chain saw to carve a 300 lb. block of ice into a work of art. Many other outdoor activities are planned, so dress for the weather and quit complaining!! You can always warm up with a bowl of chili at the Fire Station. This **FREE** event takes place on Saturday, February 18th on the Town Hall Campus from 1:00 to 4:00 pm. Please call the Community Center at 440-639-4650 for more information.

EGG SCRAMBLE EGGSTRAVAGANZA

Join the Recreation Department on the ball field behind Town Hall for the annual Egg Scramble Eggstravaganza on Saturday, March 31st at 11:15 a.m. Please arrive a few minutes early as the scramble will start promptly at 11:15 a.m. The scramble will be held rain, snow, sleet or sunshine, so dress for the weather. Peter Rabbit will be on hand to get the crowd warmed-up before the scramble. Afterwards, he will pose for pictures so don't forget your cameras. This event is **FREE** and geared for kid's ages 2 through 8.

CONCORD PHOTOGRAPHY CLUB

The Concord Photography Club meets the second Thursday of each month from 7:00 to 8:30 p.m. We share photos, knowledge, and laughs! Each month will feature a new topic for discussion and learning and then we share 8 to 10 of our photos. Some of the members of the group have become quite the photographers! The scheduled meetings for this quarter are: January 12, February 9, March 8, and April 12. Feel free to attend all or one. Please call 639-4650 for more information.

RECREATION DEPARTMENT

LINDA A. LEGG, RECREATION DIRECTOR, 639-4650

COMMUNITY GARDEN UPDATE

Through a collaborative effort between Lake County General Health district, Kaiser Permanente, and the Recreation Department, our community garden will become a reality this spring. Kaiser Permanente awarded two communities: ours and the City Of Mentor, grant monies to create the gardens.

All the gardeners out there know that the biggest task to

undertake is the preparation of the site. We plan to do all the prep work for you so all you have to do is plant, weed, tend your plot, and enjoy fresh veggies & fruits!

The Garden is going to be located in the open field behind the Old Stone School. We will have a list of rules & application for plots on our website in February.

CONCORD 55+ GROUP

All of our meetings take place on Wednesdays and start at 1:30 p.m. Meetings are free unless otherwise noted. If you like to socialize and meet new people, this group is for you! We do appreciate a quick call at 639-4650 to let us know you will be attending. We want to be sure to have enough dessert on hand for everyone, unless of course you don't mind sharing!

JANUARY 4TH – No meeting. Relax; get your Christmas decorations packed away!

JANUARY 18TH – “Soup”er Bowl Bingo! – Bingo is always a group favorite and today we pay homage to the upcoming Super Bowl, with our twist of course! If you want to get in the spirit, wear your favorite team colors!

FEBRUARY 1ST – Author Dennis Hale is with us today to tell his story of being the sole survivor of the shipwrecked lake freighter Daniel J. Morrell. He was thrown into 44 degree water and had to fight 35 foot waves. He has written a book about the experience and will have it available for sale. Join us to hear Dennis's fascinating fight to survive story.

FEBRUARY 15TH – By the time Abraham Lincoln inauguration in March 1861, seven states has seceded from the union. In April 1861, the Civil War began. Todd Arrington is here from the National Park Service to talk about the life and residency of Abraham Lincoln.

MARCH 7TH – The Dream Team Barbershop Quartet is here today to delight and entertain us. We'll also celebrate St. Patrick's Day (just a bit early) today, so wear your green and be prepared to party!

MARCH 21ST – The Show Biz Kids, a senior musical group, are here today to do Music of the Movies. Come and sing along with your favorites!

APRIL 4TH – Lisa Diemert will join us today with several of her feathered friends from the Parrot Hope Rescue Organization. This organization is dedicated to the rescue and rehabilitation of parrots. Come out today and see how beautiful these birds are!

APRIL 18TH – Deal or No Deal! Howie Mandel (Linda) is back! We have made several members of our group “Millionaires”. Maybe you will be the big winner today. Come and compete for a variety of prizes!

GOING GREEN JUST GOT A WHOLE LOT EASIER

Change how you think about waste. Reduce the consumption of fresh raw materials, reduce energy usage, reduce air pollution and water pollution (from landfilling) by recycling your waste materials.

What we can offer to you?

- Weekly Trash Pick Up
- Weekly Curbside Recyclable Collection
- All Recyclables Can Go in One Bin
- Toter on Wheels to Make Recycling Easier

You don't even have to sort your recyclables!

With single-stream recycling, you can put all your recyclables into one bin. This makes things easier on you and the environment. We offer you a 64 gallon toter or you may use your own!

What else do we do?

Curb service with 96 gallon containers; 1-8 yard commercial container service; 10-40 yard roll off container service for residential use or construction & demolition

COMMUNITY DAYS WRAP-UP

by Dave & Val Breaux

Concord Community Days 2011 is but a wonderful memory. We are now looking forward to Concord Community Days 2012. Volunteers are always needed to put on this tremendous event. We are so thankful to the volunteers who put forth the effort that resulted in a great weekend for many this year. We are in need of many new people who would be willing to help plan and organize next year's event. There are various events that happen during the weekend. You determine where and the amount of time that you are willing to give. Volunteers to help organize all events are needed. We are appreciative of any time given. If you think you might have an interest in helping, please contact Dave or Val Breaux (354-8663) now. You will be contacted in the spring with information that you will need to know to join us.

PROTECT YOURSELF FROM CARBON MONOXIDE POISONING

Every year, more than 500 people die from accidental carbon monoxide (CO) poisoning. CO poisoning deaths have been reported in Ohio in Toledo, Austintown, Fremont and Union Township and carbon monoxide poisoning almost cost three Euclid residents their lives last year. As we move into colder weather, Lake County General Health District is reminding everyone to protect themselves from sources of carbon monoxide poisoning that are more commonly in use this time of year.

Carbon Monoxide (CO) is an odorless, colorless gas that can cause sudden illness and death if you breathe it. CO is found in combustion fumes, such as those produced by furnaces, water heaters, small gasoline engines, stoves, generators, lanterns and gas ranges, or by burning charcoal and wood. People and animals in enclosed or partially enclosed spaces with these items can be poisoned and die from breathing in CO.

The most common symptoms of CO poisoning are headache, dizziness, weakness, nausea, vomiting, chest pain and confusion. People who are sleeping or who have been drinking alcohol can die from CO poisoning before ever having symptoms. If you think

Township and County Officials Collaborate on Site Plan Review *continued from page 6*

with other regulatory agencies to secure proper permitting and approval. Although the Township cannot require various permits from other agencies before issuing Site Plan and Zoning Permit approval, the ultimate goals of this review process are to make sure the proposed site plan can fulfill all of the requirements at the local, state and federal levels (as necessary), and the appropriate agencies work together with the applicant from the get-go to achieve the optimal development. It also eliminates any “surprises” for the applicant moving forward.

Since the adoption of the Site Plan Review process in 2007, we have reviewed 20 proposed projects within the Township, averaging 5 projects per year, with more projects anticipated in the very near future. For more information on this process, view our regulations online or contact the Zoning Office.

Concord Township Community Center Registration Information

GENERAL INFORMATION – Registration is open to all Concord residents and residents of surrounding communities. Concord residents pay the resident fees listed and non-residents pay the non-resident fee. Early registration is encouraged, as classes are cancelled one week prior to start date if registration is insufficient. You are considered enrolled when registration form and payment are received. You are notified **ONLY** if the class is filled or cancelled.

REFUNDS – REFUNDS ARE MADE ONLY IF REQUESTED PRIOR TO THE FIRST CLASS SESSION.

SCHEDULE – Winter-Spring Classes start the week of January 9, 2012. During inclement weather, please call the Center at 440-639-4650 to see if classes have been cancelled.

Listed below are the classes that are being offered this Winter-Spring at the Concord Township Community Center. Please complete the registration form and return it with a check or money order made payable to Concord Township. **Material fees listed are payable to the instructor the night of class.** You may also register at the Community Center in person. If you have any questions, please call 440-639-4650 for more information.

Class Mail-In Registration Form

Please choose your classes carefully. Registration fees are refundable only if we are notified prior to the first scheduled class session. Material fees listed in class description are payable to instructor the first night of class. **Please make check or money order payable to Concord Township and mail with registration form to:**

CARBON MONOXIDE POISONING

continued from page 13

you may have CO poisoning, call your doctor right away.

To prevent CO poisoning:

- **DO** have your heating system, water heater and any other gas, oil or coal burning appliances serviced by a qualified technician each year.
- **DO** have at least one working carbon monoxide detector (They make great gifts!). Check the detector's batteries twice annually, at the same time smoke detector batteries are checked. If the detector sounds, leave your home immediately and call 911.
- **DO** seek medical attention if you think you have CO poisoning and are feeling dizzy, lightheaded or nauseous.
- **Do NOT** use generators, grills, camp stoves, or other gasoline, propane, natural gas, or charcoal-burning products inside a home, basement, garage, camper, or even outside near an open window. This is especially important to remember during a power outage.
- **Do NOT** run a car or truck inside a garage attached to your house, even if you leave the garage door open.
- **Do NOT** burn anything in a stove or fireplace that isn't vented.
- **Do NOT** heat your house with a gas oven.

For more information on CO poisoning, call the Lake County General Health District at (440) 350-2543 or visit our website at <http://www.lcghd.org/Carbonmonoxide>.
