

# YARD WASTE DISPOSAL OPTIONS

There are no locations in Lake County that are accepting yard waste from trash haulers. The added cost of transporting yard waste out of the county has caused some of the trash haulers to discontinue this service to their customers. The Concord Township Service Department does, however, provide wood chipping services (Brush Days), two consecutive Saturdays in the spring and two in the fall. Brush can be no larger than 4" (inches) in diameter or 4' (feet) long. Once the brush has been chipped, the mulch is available to Concord residents at no charge. Resident must provide own truck & labor and should call the Service Dept. (354-7510 Ext. 108) before they come, Mon.-Friday between 8:00 a.m. and 3:00 p.m..

For homeowners looking to dispose of brush, wood waste, and/or yard waste, there are several Lake County businesses that will accept materials for a fee. Included are:

## FOR YARD WASTE PICK-UP

**Nells Enterprises (440) 567-0146** will pick up for a fee per bag (may be plastic or biodegradable) trash-can size (30-40 gal.) containers, boxes, etc.. Bags may contain leaves, mulch, cut-up tree stumps, clothes, books, any household items EXCEPT hazardous / chemical items such as paint, gasoline, oil, batteries, paint thinner, mercury, etc.). The bags must be able to withstand the weight of the contents. If bag or container bottoms out because contents are too heavy for it, Nells WILL NOT take the refuse. There are no weekly scheduled pick-ups. You need to call Nells as needed and leave a message with your phone #, name, & address.

## FOR YARD WASTE DROP-OFF

It is suggested that you call the facility first to determine working hours, prices, & accepted materials, as they may change from the time Town Hall receives this information to when our residents receive it. Home owners can BRING yard waste for disposal to the following places:
